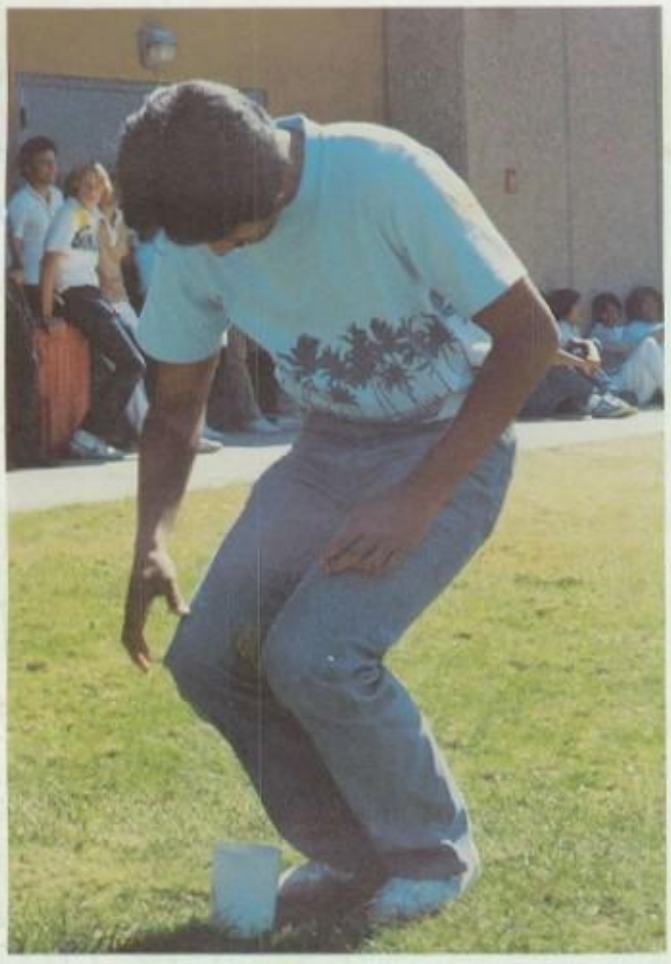
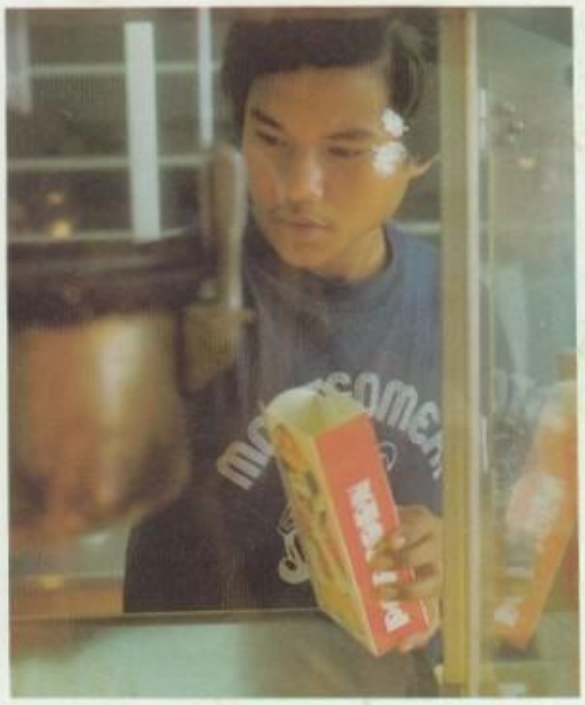
AZTEC SPIRIT: THERE'S

NOTHING LIKE IT!!!





We will always remember the great times we had at Montgomery. The pep assemblies, yelling and screaming our loudest so our class could get points for the Class of the Year Competition. The good times we shared, the rough times we endured, and the lasting friendships we made ... they'll always be a part of our fondest memories. Our spirit ... marching in the cold night air with the band at halftimes ... cheering at the football games ... tensely awaiting the crowning of the queen ... the fun we shared, the memories we made ... and we, the AZTECS, made it happen!

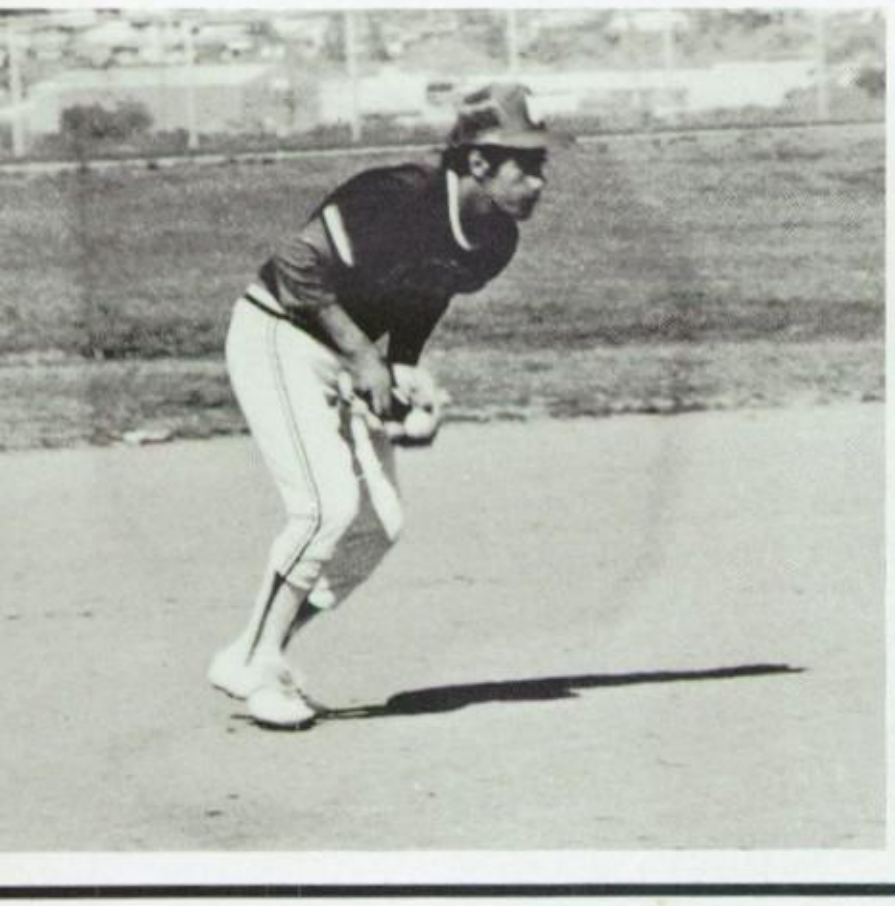
The 1981 J.V. Baseball Team consists of: Gerado Benavides, John Ennsbarger, James Gallagher, Tim Gomez, Mike Gallardo, Jesse Hernandez, Zed Marshall, Pat Williams, Robert Wilson, Aldo Meyer, Tony Park, Tony Pittman, Juan Serna, Gerardo Villa, Pedro Villanueva, and Brett Zopfi.



The J.V. Baseball team under the coaching of Coach Link worked to improve on last year's record. Led by juniors Patrick Williams and Pedro Villanueva the team played with a lot of energy. The infield was headed by the strong play of Gerado Benavides. The pitchers were led by young Robert Wilson. Williams was also the key man in the outfield. The team hoped to do very well this year with a lot of hard play and determination!

The Aztec in-field was made up of returnees: Gary Tomlinson (shortstop), Gary Stacy (3rd base), Jose Benavides (2nd base), and pitchers Scott Travers and Fernando Reynoso. Outstanding players were Roger Rice, Gary Stacy, and Scott Travers.

This year's J.V. basketball team has produced many exciting games of which they showed much effort and perseverance. With the addition of Coach Meyer, the team seems to have adapted quite well to his strategy of the game. As the season progressed, the team itself developed as a competetive unit and revealed such outstanding players as junior Mike Marchesano and sophomore Arthur Ramsey.

This year's team, is comprised of a group of hard-working individuals. The team consists of first year varsity players, with the exception of returning letterman Fernando Reynoso. Coach Bob Aguilar developed this group of players into a cohesive unit which deserves to be recognized for their effort, competitiveness, and strong will to never give up. Players who deserve recognition for their outstanding effort are seniors Robert Bond and Fernando Reynoso, and sophomore Andrew Magracia

KICKING KINGS

Bold attacks resulting in victory after victory characterized our Soccer Team. They played with talent and skill. The team work and cooperation shown by this team was outstanding but then, could the team that's outstanding do anything less than fantastic? Apparently not, congratulations to the 1981 Metro Champs!

Fancy footwork.

This year's J.V. wrestling team was once again short in the availability of players qualified to wrestle in the upper division weights. As a result of this misfortune, the team was forced to forfeit a range of 18 to 24 points per match. Although the team does have some fine individual wrestlers, including sophomores Tony Balagtas and Ed Lacangan, their contribution of points was not enough to compensate for the lack of players. In preparation for next year's team, Coach Dave Peterson plans to recruit capable athletes to wrestle in the upper weights division.

Wrestling Stats: Stella Bancod, Judy Morrison, and Susan Del Rosario

This year's varsity wrestling team, a relatively young group of athletes, consists of only two seniors, six juniors, and five sophomores. In spite of the apparent inexperience, they have done quite well in the Metro league finishing in third place with a record of 5 wins and 3 losses. Denver Cruz and Albert Mejia were the outstanding wrestlers with 35 wins between them. Other wrestlers who have contributed greatly to the team's progress are senior J.L. Morrison, junior David Aranda, and sophomore Ronnie Armas.

This year the Junior Varsity games were close and they were played well. The J.V. softball team had many outstanding players. Sheri Walker, who was a real all-around player. Kim Wenger, an outstanding hitter and contributor to the team. Robin Looney did an excellent job at 3rd. Along with them was Diana Ramos who was a very steady and consistent pitcher for the softball team.

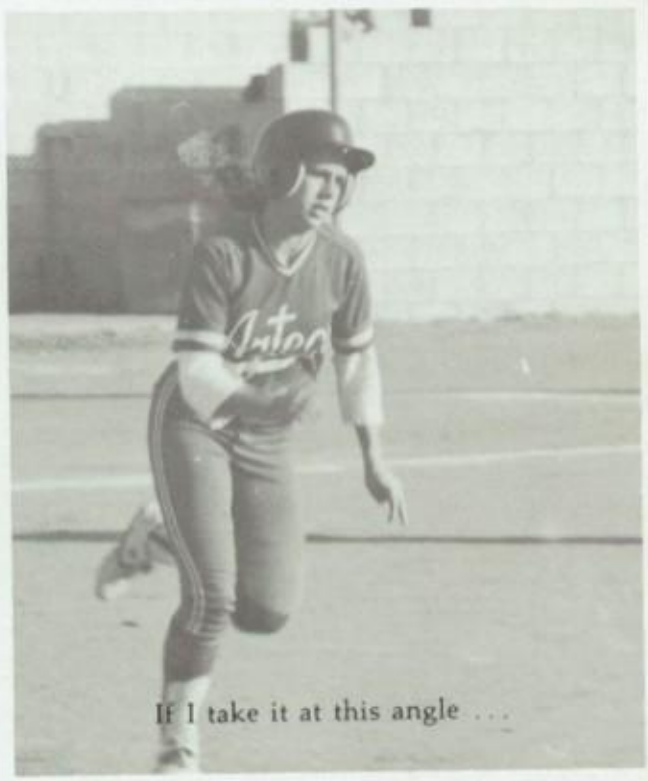
Isn't Mrs. Kinney funny?



If I take it at this angle . . .

This year's Aztec Varsity Softball Team fell victim to lack of experience and mental toughness. The many tough, close games showed that the team's talent and skills were becoming apparent. The young team's potential will hopefully flourish next season with returning players. This year's outstanding contributors were sophomore Rosie Wold playing short stop and senior Monica Rodriguez playing pitcher.

"The Miracle Matmen"

This year in sports has been a season of victory for some of the teams and yet a season of rebuilding for others. Many teams saw an improvement in their progress and will mark this year as one which will bring high hopes for the future years. Regardless of the season's record, we must congratulate our athletes for the effort that they have put in preparation for the games. Competition within the Metro League has been known to be tough and although our teams have struggled a bit, we must acknowledge the fact that many of our teams were young, and still need some experience. Two teams which deserve special recognition for their accomplishments are the Soccer team and the J.V. Football team. Both teams captured the 1980-81 Metro League titles, with each one winning the title for three consecutive years in a row. Other teams which also deserve recognition for their outstanding effort and contributions are the Varsity Wrestling team and the Boy's Tennis team, both of which placed in the top positions of the Metro League.

TENNIS TALENT

With outstanding effort and drive, this year's tennis team has done well. Under the coaching of Mrs. Pat Samples, the team has improved steadily. Along with team Captain Aurora Embuido, seniors Linda Mulligan, Yvette d'Ablaing, juniors Arlene Bermio, Cecilia Bearis and Jeanette Egay, the team consistently progressed in the season. This year's outstanding achievers were Aurora Embuido, a three year letter-person, Liberty Calimlim, who was seeded number two in singles, and the number one doubles team of Cecilia Bearis and Anita Zapanta.

Dare you to hit this one back!

I put my foot down!!

Hey, I'm bad.

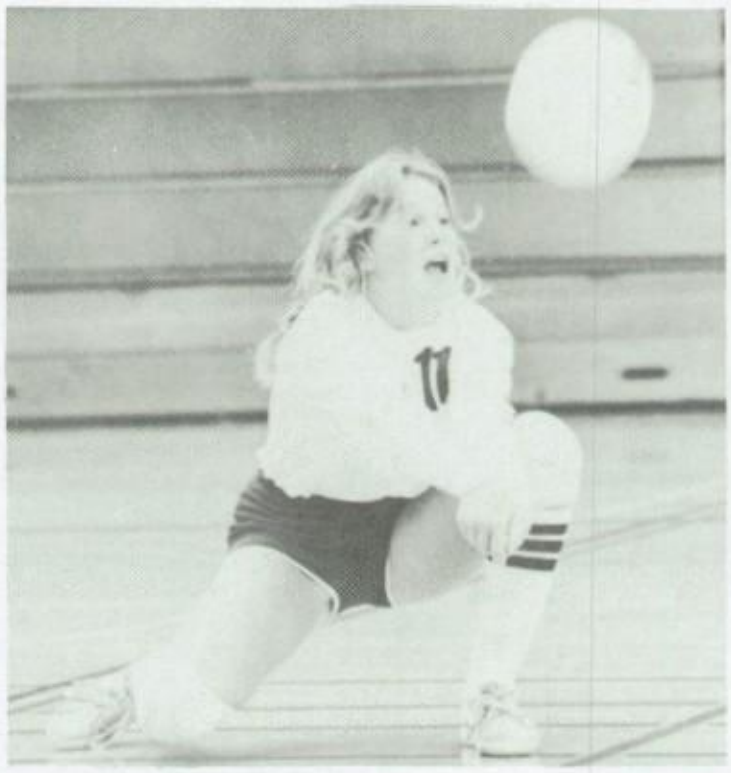
You won't even see this one.

Our girl's tennis and volleyball teams were fine, well respected competitors. Representing tennis (left to right) are three year letterwomen Aurora Embuido and Linda Mulligan. The team was coached by Mrs. Pat Samples.

Featured members of the volleyball team are seniors Julie Wold, Elsa Villalobos, and Irene Carino. The head coach was Mrs. Olivia Pvle.

VOLLEYBALL FEVER!

Power, elegance, and style characterized the 1980 Varsity Volleyball team on the court. Captains Julie Wold and Irene Carino showed leadership by playing well and keeping team moral at a high. The volleyball team was led by juniors Elaine Toves and Rose Pizarro, and sophomores Rose Wold and Dina Mathis. Though not winning many games, team spirit remained high.



Such style!

The Cross-Country team is steadily developing into a very fine and competitive group of athletes. Alberto Mejia and Pat Padilla, both sophomores, have played key roles in the teams progress. This years team was led by seniors, Jim Springer (capt.) and Joe Duffer (co-capt.). "With the potential of the juniors and sophomores, the team should return next year as an inspiring group determined to conquer their past records and improve on their Metro league standings," commented Coach Gene Martin.

The girl's cross-country team has indeed moved up. Sporting twice the number of girls enrolled in previous years, the team was able to run more competively and aggressively. The Aztecs were led by Captain Kim Wenger, junior Doreen Hardy, and sophomore Brenda Street. With all of the team members being underclassmen, next year should see the team in the top half of the Metro League.

As Sophomores, our first year of high school was a period of adjustment. Changing to new teachers, classes, and a whole new system of things. We have moved up to a different world where more is expected from us as we grow.

As each day passed we learned the do's and don't, and experimented the joys and the pains of change. Friendship is one of the greatest things in life and we have made new friends here, but old friends are still kept.

Moments created here were different from other moments and some probably the most important to us. Being with friends in classes, eating lunch, or just talking, will always be looked backed at for a long time. As the saying goes, "Memories are what we live by."

We know that as we move on, each year goes by, and that this is only the beginning. We have much more to achieve and many more periods of adjustments.

As the sun rises from
behind the hill,
And the dark mysterious
night breaks,
We see that our lives
have much to fulfill
And the day provides
the light it takes.

When the day turns

We'll no longer
have to fear
We'll know the path
our lives have been
And our destiny
starts right here.

Entertainment and enjoyment take up a large portion of the memories of many high school graduates. A great majority of those times concern having fun with other students, if not by yourself. With this year's theme, we have tried to capture the many ways in which we, as Aztecs, prefer to spend our leisure time. Being juniors, we tend to find more of this time at our hands than the seniors, who have to prepare themselves with post-graduation plans, or the sophomores, who usually go through a phase of adjustment. The following pages of this year's junior section contains some of those memories in which the junior class of 1982 was caught spending their leisure time.

The spirit of the junior class of '82 has at times held doubts to many Aztecs, but when the dust has finally cleared, they at most times have proven the strength of the spirit of their class. The junior class has outlasted the seniors and sophomores in such events as the Macho Spirit Leaders-in which a group of courageous male juniors supported their team throughout the game with various cheers and stunts, and of course, the radical pep rallies-in which the many voices of the junior class united and chanted their cheers until they were victorious. These examples of their unsurpassed potential will indeed be proven once again, if not strengthened, when the junior class returns next year, thus becoming the senior class of 1982!

As we look forward to our senior year, we as juniors, must also reflect back on our sophomore years. The moments of confusion when being a sophomore was like being under privileged. And then there were times when being a sophomore also meant having to prove that we had a place with the juniors and seniors. Then the time finally came when we moved up a step in the ladder of life and become juniors. This was the year our spirit would prevail and fill the school with verses from our class cheer. Although at times, disappointment seemed to foreshadow us, the strength and perseverence within us seemed to exert the spirit outward and once again prove the potential of the PROUD CROWD!!

The purpose of the annual staff is to assemble a book that is one year historical record of Montgomery High School. The annual, produced by the dedicated students on the staff, is a visual and verbal account of the people and events that make up the school year of 1980-81. The yearbook is developed around a central theme that is carried out through the entire book. The members of the Tonalamatl Staff are responsible for planning the annual and assembling the pages to meet specific deadlines. The heavy responsibility for financing the annual, a total expenditure of over $20,000, is also a burden of the students of the staff. Special thanks to Richard Aglapay, Kevin Shoemaker and Nancy Afan.

ASSOCIATED STUDENT

ASSOCIATED STUDENT BODY

Under a new Dean of Activities, Mr. Curt Dubost, the Associated Student Body was successful in making this year a memorable one. The changes in administration policies left us much to be desired. Nevertheless, our ASB strived to keep the student body alive with school pride and enthusiasm. Spirited sophomores, juniors, and seniors participated in class activities to gain points for their class as they battled each other for the Class Of the Year award. This year, they successfully attracted various clubs for the annual fund raising for under priviledged children. Annual competitions such as Spirit Week, and Winter Week involved the most spirited Aztecs in building human Christmas trees, Powder Puff football, Macho Cheerleading, Hall decorating, and Christmas carolling. Aside from activities, the ASB provided new services to the school. This year they offered a larger choice of concessions and sponsored pep buses to the away football games.

Estudiantina gives students an opportunity to develop their musical abilities, both vocal and instrumental in addition to learning information about Mexican culture. The first estudiantinas began 400 years ago, where university students in Spain got together in the evenings and serenaded their girlfriends. With the turn of coeducation in school, girls have also joined estudiantinas. Capes, the formal attire, of the 1500's are still the most traditional uniforms.

VICTOR RODRIGUEZ:

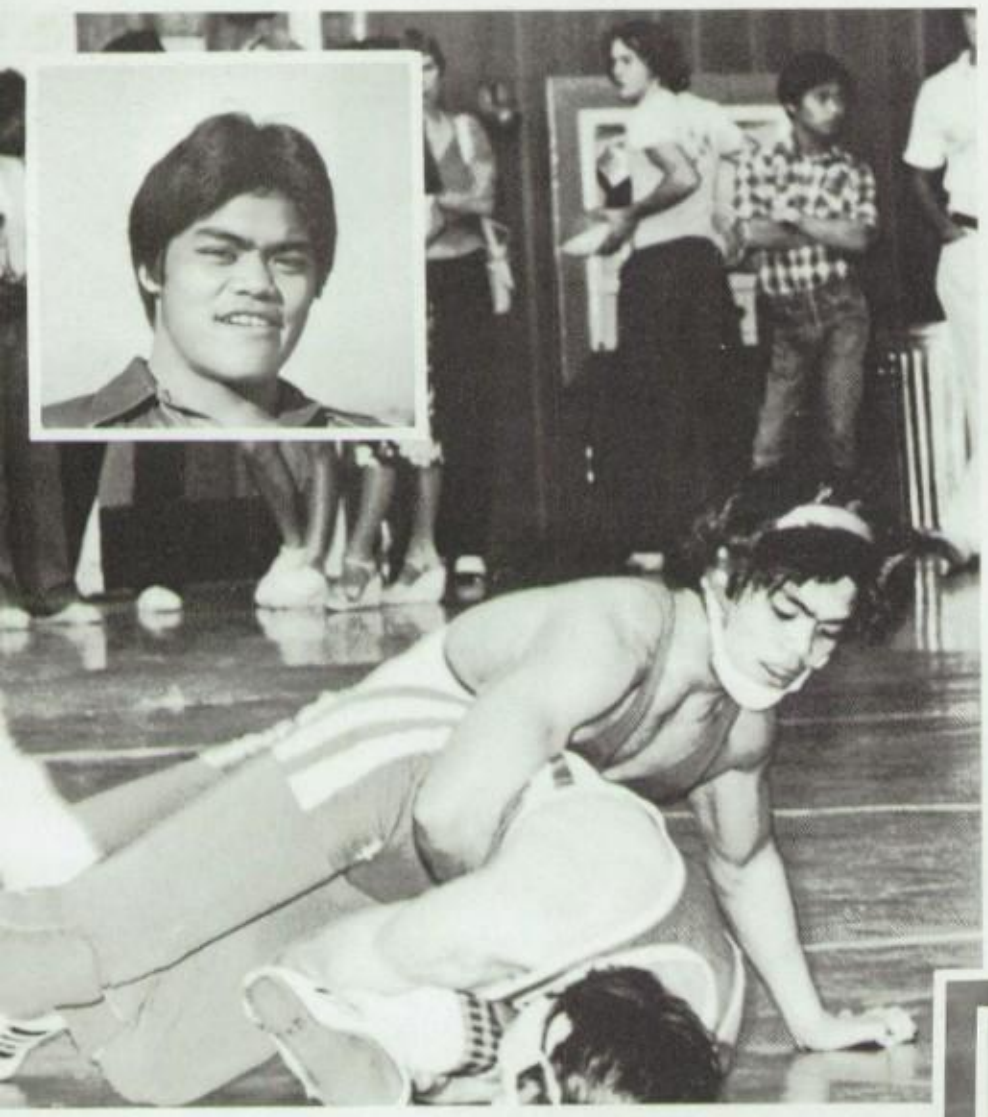
Aztec Of The Year

This year, Victor Rodriguez, a deserving individual, was named Big Aztec On Campus. He was presented a trophy at an all-school assembly. Victor was well-known for his great contributions to the Metro Champion Aztec Soccer Team. In recognition of his soccer skills, he was named first team, All-Metro Goalie, and first team, All-CIF Goalie in his junior year. His desire to boost his team brought him out of his glorious position to play on the field as a forward. His ability as a left wing contributed to this year's team effort to win another Metro banner. Victor Rodriguez's great skill, unselfishness, and school pride helped the Aztecs win Metro Championships for 3 consecutive years. Good Luck, Victor, we are proud of you.

This year, clubs and organizations select male students to represent them. These students are chosen on the basis of the success in various sports and activities of which they are active participants. Many are outstanding players in their sports, others are school leaders and noted students. This year, the school was well-represented by five outstanding individuals. Victor Rodriguez-nominated by the Tonalamatl Annual Staff; Roger Rice-nominated by the ASB; Jonas Litonjua-nominated by the Key Club; James Garces-nominated by the Cheerleaders; and Denver Cruz-nominated by the Assembly Crew.

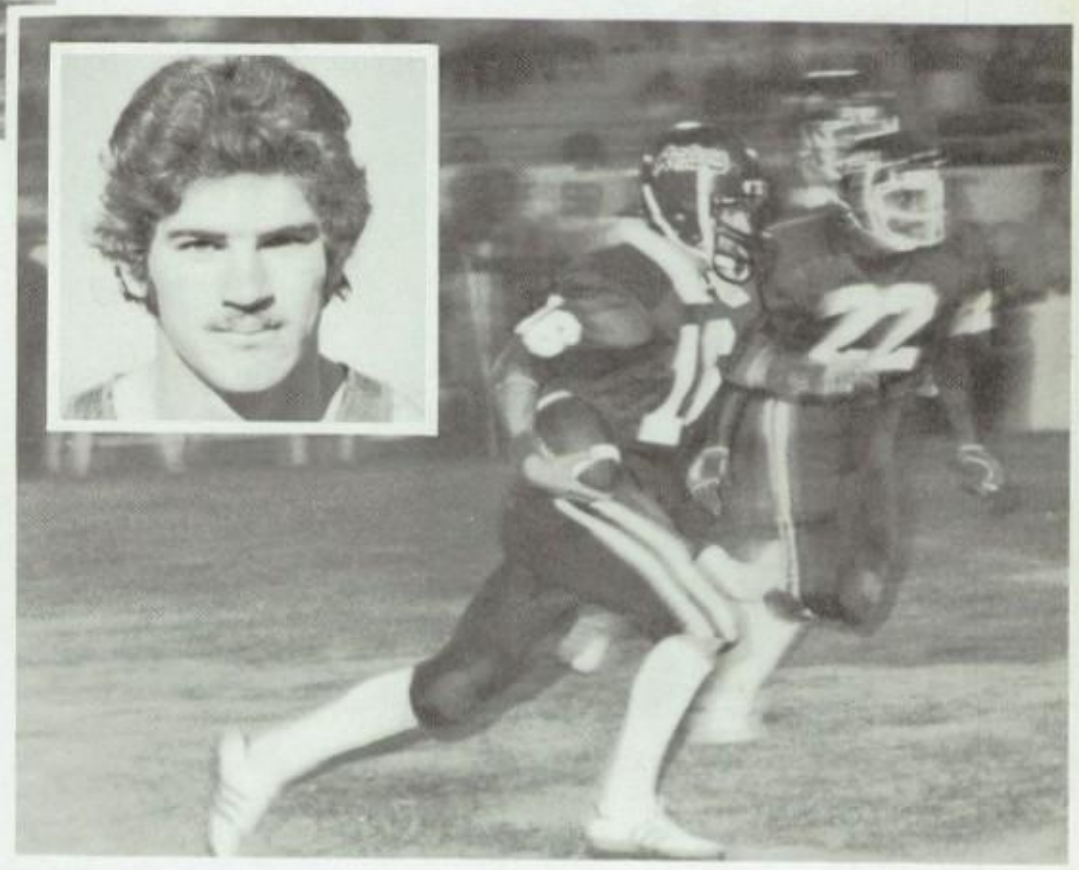
BIG AZTEC ON CAMPUS

Denver Cruz played for the Varsity Football Team as a defensive lineman. But it was his wrestling ability that won him acclaim. Denver finished the regular wrestling season with an outstanding 19-1 record. He plans to attend San Diego City College.



Aside from being a member of the Varsity Basketball Team, Jonas Litonjua was very active in student government. He served as ASB President. He will be attending the Naval Academy in Annapolis.

James Garces was active all around. He was ASB Commissioner of Elections and CSF Vice-Pres. James was also a member of the Varsity Football Team. He will be attending UCSD.



Roger Rice was ASB Vice-Pres. and was highly noted for his accomplishments in sports. Roger was an active contributor to the Varsity Football Team. & was a member of the Varsity Baseball & Soccer Teams. He will continue football at Colorado State.

Time is passing us by ...
And precious are the moments we shared together ...
The smiles, the tears, the laughter, the fears ...
growing up.
Soon, we will all be on our way ...
Then what is today will be yesterday
Look for tomorrow but live for now.
Chase your dreams and seek your goals ...
Time won't wait ...
It's time to move on ... time to grow ...
Because time goes on ... and so must we ...

To be eligible, these students had to earn a minimum of 10 pts. for 4 semesters, with one of the semesters being in their senior year. Three points are given for an A grade, and 1 point is given for a B. C grades are not awarded any points. CSF members are first in line to graduate. They wear white gowns and gold sashes. In addition, this group of seniors have earned a special seal on their diploma, which gives them extra recognition by the college of their choice.

The following people are CSF prospective sealbearers: Marjorie Arreola, Lucille Baca, Steve Caro, Jessica Del Rosario, Robert Gojuanco, Michael Granada, Ryan Hodges, Susana Hernandez, Grace Ordas, Alma Rosario, Magdalena San Miguel, and Tina Sloas. "I got the signal"

As our long awaited graduation day approaches we begin to reminisce the time we spent here at Montgomery. Laughter, tears, determination, fears . . . it's all a part of growing up.

It all began with our sophomore year. The thrill of finally being in high school. The excitement of football games and assemblies, taking off at lunches to grab a taco! It was a year of wonderful nonsense!

Our junior year brought out a more serious side of us. We faced a lot of new changes such as being the first to have to pass the competency test to graduate and the enforcement of closed campus (no more tacos!). It was the year that most of us got our driver's licenses and the chance to borrow the family car or the luckier ones who got their own cars! It was the year we learned about responsibility.

Then came our senior year, at last! Our responsibility was put to the challenge, as we competed for financial aid and college entrance or hunted for employment. Of course, our counselors and parents were always there to help us when the going got tough, but in the long run we had to make the decisions. It wasn't all work and no play, though there was always time for entertainment and we took advantage of it! We got rowdy and had a good time! Ah, but who could forget getting the inevitable senioritis and all its dreadful symptoms. The times we felt as though we'd reached a dead end or the road seemed too long. We are determined to succeed and will strive to reach our goals, whatever they may be.

And now that we've passed the competency test, achieved 42 credits, sent our announcements and tried out our cap & gowns countless times, it's time for us to file in for "Pomp and Circumstance" and receive the certificate that will open many doors for us in the future. But before we leave, we would like to show our gratitude to our parents, teachers and counselors, who gave us their support and helped us weather the storms. All our lives they've given us everything on a silver platter and now it's time for us to go our separate ways and make our own lives. As we grow older and look back to our younger days, we will remember our old Alma Mater, Montgomery High and smile knowing that our class of 1981 is truly "Second to None!"

Anita, you're so quiet! I'm glad I had you in class. You & Steve shouldn't FIGHT! Oh I forgot Reggie #23, I'll beat you 1 on 1 any day! I'll thank you & Debbie later! What else can I say but thanks everyone for making my years so worthwhile.

Okay you guys . . . We've been together now for so long-Where do we begin? Remember when . . . We rushed home afterschool to the high school to make drill team practice? Right Roger? 11 yrs. you've survived my mouth. That's got to be some sort of a record. Kat, what can I say? We've tackled the best of them. While here at Montgomery, there were many people who had a lot of influence on my life, now and in the future, and many memories. So, if I leave out anyone, don't get too mad. To everyone on the **Moctezuman:** Don't let anyone tell us we were rotten, we put out the best paper in the district, only the students didn't see how lousy those other ones were. **Coach Tony Maio:** Thanx for all the memories; (J.V. and Var. BSKB) and for letting me talk to you when I had to. **Julie W:** We've been friends since 7th and thanx for being around whenever I had a problem. You better keep in touch. **"Master G":** We had a lot of good times in 79-80; sharing lockers, the bskbl games. Thanx for making me feel like I was wanted. "I'll never forget you, you're almost like a brother to me. Good luck w/Monica. **"Toni Jean":** Crawford & C.P. That's all. You know what else I mean. **Sev' & Maritess:** Thanx for letting me talk. Darryl and I will figure everything out, I love him too much to push him away. **Darryl:** You already know what I'm thinking. I'm sorry about getting mad so easy, but maybe it proves how much you mean to me. Something about you makes me feel beautiful inside. Just give up ASTROIDS. Last but not least, **Mom:** I know this hasn't been the best year for us. I just hope someday you won't hate Darryl so much. Thanx for taking care of me and giving me all I needed. I will do what I think is best, just trust me.

Sincerely,
Paula Hite

P.S. **"MOMO":** Thanx for all the good times. I hope you get all you want out of life. I will still want those all-star tickets you promised.

GOOD LUCK

ROWD #44 MIL MARILAO

Well, this was our senior year. It didn't turn out as well as some of us were expecting. The football season fell to pieces after I fumbled against SuHi. The basketball team didn't do too well either. During the summer there was weightlifting and **Cliff** diving. There were also annual staff meetings (family excursions). Then came **Hell Week,** next was the start of school. **Roger,** I helped you to become VP with one little statement-"Death to the Butuas". Then there were some of your sayings-"Don't be a" or "What in the". Hope you get what you want out of life, good luck in the future. **Scott,** I know you took a lot of bull during football but you were one of the better players. **Mark,** you're 6'2", 185, and you can do it! You made some strange pots in ceramics. You should have went off the cliffs. **Mil,** you're the only Jr. in the group but you at least went off the cliffs. You seemed to be lost when talking to other people. What's the case, man? **Ray,** Otay Gig and member of Morrison and Rorrison. Remember not to cough on the Senior Lawn. **Maggie,** I've had you in a class since 7th grade. Being on the annual staff was fun and different. **Sal,** the SLAP 5 were pretty cool all year. Spending the night at Zena's was also different. **Elaine, Kim, Merlyn,** and **Yvonne,** it was fun having you on the staff, hope you have a good year next year. **Grace,** you are the nicest person I know. You were one of the most important people in my life. I like you for your little girl looks and your intelligent way of thinking. You also have a way of not giving in on something you believe. You expressed yourself whenever you felt it necessary, like to the **AINTS.** Most people don't understand me but you seem to be the closest thing at doing so. I was able to talk to you more than anyone else. So I would like to say thank you for all of your help this year. Goodbye Montgomery High from a happy customer.
